

Our Achievements and Excellence

Company Profile

Warm Greetings from **Embuzz** Technologies Private Limited!!!

Founded in 2010, **Embuzz** Technologies Private Limited started for innovating new experience in the expertise technologies such as **Embedded Systems, Robotics, IOT, Automation, Data Science, Web Design & Development**, etc... The Aim is to provide excellent services to our customer for our products and relevant guidance for our candidates (Corporate Employees and Students) to enhance their skills and grow with us. Our secret of success and our strength is, we never try to convince our customers with "Quantity" but "The Quality".

Join with us!!! Have a great experience!!!

Our Foot in sectors...

- ✓ Product development
 - Industrial Automation
 - Biomedical Products
 - Product based on Applications
 - Avionics
 - Axial and Movable Robots and Mechatronics Design and Fabrication
 - Interior and Exterior Unmanned Automated Civil Designs
 - Logo, Web Design, Hosting and development
- ✓ Career Development for Corporate as well as Academic Candidates Via,
